Subject: Talk w/ Dave Mc

Had a long talk with Dave on all the UT issues. I mentioned the NA NSR conditional approval to him. Bryce is on some camping trip.

Dave then went on about Cache and the problems the freeze will cause. He asked if we have briefed Janet on this. So I will mention to Mike K re impracticability demo.

Dave was asking Janet about the U/O FIP yesterday and why UT and the tribe can't review it.
